RobustPay Quick Start

Doc RP-QS-202 · Plugin v2.0.2 · Updated 17 Nov 2026

PRODUCT

RobustPay — NMI Payment Gateway for WooCommerce

Pro Single / Agency · 5-step setup · Companion to the full online guide

WooCommerce 9+ | WordPress 6+ | Licence required | ~5 minutes

INSTALLATION STEPS

1 Download the plugin ZIP

Sign in at customer.robustsoftech.com and open Downloads.
Download the Latest build: RobustPay-nmi-gateway-pro.2.0.2.zip
Do not extract the ZIP before uploading to WordPress.

2 Install in WordPress

Go to Plugins > Add New > Upload Plugin.
Choose the ZIP, click Install Now, then Activate.
Keep only one RobustPay build active at a time.

3 Activate your licence

Open the RobustPay hub > Settings > Licence.
Enter RP-PRO-XXXX-XXXX (Single) or RP-AGY-XXXX-XXXX (Agency).
Click Activate Licence. Status must show Licensed / valid.

4 Configure NMI credentials

WooCommerce > Settings > Payments > RobustPay.
Add your NMI Security Key (not your login password).
For inline card fields, also add the Collect.js tokenization key.

5 Enable gateway and test

Enable RobustPay at checkout. Keep Test Mode ON first.
Place a test order, confirm it in NMI, then disable Test Mode.
Support: robustpay@robustsoftech.com (48h response on active support).

FULL INSTALLATION & FEATURE GUIDE

Recommended — always the latest version online

IMPORTANT

- Without a valid licence, card / ACH / wallet payments stay disabled (Pro 2.0.2).
- Customer portal: https://customer.robustsoftech.com
- Product page: https://www.robustsoftech.com/plugins/robustpay
- This Quick Start is a summary. Use the online guide for Apple Pay, ACH, fraud, and more.
